

# Marija Filipović

## Frontend Developer

### About me

I am a determined final-year student at ICT College of Vocational Studies, ready to learn and gain experience in web development. Proficient in JavaScript, HTML, CSS, and SQL. I am passionate about working in creative and dynamic environments with other people. Focused on further developing problem-solving skills and gaining new Web-related knowledge.

### Education History

#### Bachelor degree of Internet Technologies

**Institution:** University of Vocational Studies for Information and Communication of Vocation ICT

*Started Year of studying: 2020*

*Year of Graduation: In progress*

#### General Studies Program

**Institution:** High school of sports education

*Started Year of studying: 2016*

*Year of Graduation: 2020*

### Relative experience

During my university tenure, I gained valuable experience in developing projects that encompass both frontend and backend technologies. My skill set includes proficient programming in JavaScript, Node.js, and Vue.js, along with expertise in working with relational databases. Additionally, I have a solid foundation in PHP. These skills have enabled me to contribute effectively to a wide range of projects and make a meaningful impact.
